

Datasheet JPS-13

Articlenumber: E6160119

Oil pressure switch, 2A(2) 230V AC , changeover switch with hexagonal fitting SW17 with 1/4" internal thread

Ambient temperature, upper value	55 °C
Depth	50 mm
Electric connection	Screw terminals
Electronic version	No
Function type (systems engineering)	Monitor
Height	86 mm
Housing material	Sheet steel
Internal setting	Yes
Maximum switching current	2 (2) A
Maximum switching voltage	230 V AC, 50 Hz
Medium temperature	-30 °C
Operation	Internal setpoint adjuster, start button
Sensor element	Pressure membrane
Switching contact	Two-way contact
Type of protection	IP10
Width	75 mm
With explosion protection	No
With LED display	Yes
